

NEW FACTORY FINALLY LOST

York County Town Puts up Real Cash and Will Get Ebert Establishment.

RISKED NO DELAY THERE

Went Right Ahead, Secured Site, Raised Money, and Organized. Will Employ Large Force.

Gettysburg has lost in its campaign for the big furniture plant of the Ebert Company, of Philadelphia. On Monday negotiations were closed for the removal of the furniture factory from Philadelphia to Red Lion.

The plant will be one of the largest of its kind in the eastern part of the United States, will have a floor space of 104,000 square feet and will give employment to between 250 and 300 men. It was secured through the efforts of C. S. LaMotte, president of the First National bank, vice president of the Red Lion Furniture company, and general manager of the Red Lion Table company. The Eberts go there with \$100,000 assets and Red Lion capitalists put \$50,000 into the enterprise. The company will be capitalized at \$150,000.

Red Lion took hold of the enterprise with characteristic energy when, on the arrival in town of Fred J. Ebert, it was learned that the new factory would go there. The new capital was secured, a two-acre site purchased, the ground surveyed, a board of directors and officers elected, and the new site staked off before 2 p. m., for the erection of a large factory.

The company will be headed by C. S. LaMotte, as president. T. E. Brooks was elected treasurer, and Fred J. Ebert, of Philadelphia, secretary.

The Eberts have been in the business of manufacturing furniture in Philadelphia since 1854. The plant they occupy has been sold and they will vacate on May, 1917. Operations will begin in the factory for which ground was staked off on or before that date. The site cost \$5400.

The building will be U-shaped, extending 250 feet on the walls of the letter and 310 feet on the base, with a uniform width of 80 feet for the building. It will be one story brick with basement. The machinery, which will be modern in every respect, will be operated by electricity. There will be a modern water system and all of the equipment will be of the most modern type.

China closets and buffets will be manufactured by the concern, which is enjoying a flourishing business in these lines in Philadelphia. It will also sell serving tables, to be manufactured by the Red Lion Table company. In addition the removal of the entire Ebert plant to that place gives the borough three large furniture manufacturing concerns, the others being the Red Lion Furniture company and the Red Lion Table company.

FARM AGAIN SOLD

Famous Place Changes Hands Twice in Two Weeks.

For the second time within two weeks the Goldsborough farm, on the Emmitsburg pike, about three and one-half miles from Frederick, has changed hands. The new owner is Charles Wertheimer. He bought the place from R. Bruce Murdock, who on October 30th purchased the farm from the estate of Major E. Y. Goldsborough. The farm previous to the sale to Mr. Murdock had been in the Goldsborough family for more than 100 years.

The farm contains about 220 acres all in high state of cultivation. The house and buildings on the place are in good repair. The farm is bounded on three sides by splendid highways, the State road to Thurmont passing directly in front.

Mr. Wertheimer secures possession on April 1 next. He announces that he plans to re-establish his herd of thoroughbred Holsteins on the place.

NEGRO AGED 104 TAKEN BY DEATH

Respected Old Colored Resident of Frederick Died at his Home.

Frederick county's oldest resident, a law-abiding and faithful old darkey who more than three months ago passed the age of a hundred and four, has at last been called to the Great Beyond.

His name is James Alfred Dillard, or "Uncle Dilly" as he was commonly known to the older residents, and his death came, after years of declining health, on Sunday evening. He had reached the age of 104 years, 3 months and 2 days.

This old man originally lived in Virginia and was one of the few darkeys of the old school. Born there on August 10, 1812, he was a slave until 1864. He remembered back as far as the time of President Buchanan. Uncle Dilly always took pride in saying that in all his years he was never "up before the law." A few years ago when the fame of the aged colored gentleman first became known, he was talked to over the telephone despite his age of 101 years then. At that time he was very feeble.

"Uncle Dilly" is survived by his widow, herself an old negro mammy who is about 85 years. She, too, was a slave and for many years was owned by Thomas Jarboe. Though feeble, Uncle Dilly's wife is still able to do some work around the house. Both always had the respect of all who knew them.

State College Announces Farmers' Week Program.

The annual farmers' week at the Pennsylvania State College which this year will be in session from Wednesday, December 27, to Wednesday, January 3, promises to eclipse in attendance and in scope of instruction all past meetings of its kind.

Every phase of agriculture and home economics has been included in the program. Farmers interested in any type of agriculture may choose each day from several lectures and practical demonstrations covering subjects in which they are interested. For the women who attend, special phases of homekeeping will be discussed, accompanied in a number of instances by demonstrations in cooking, dressmaking and nursing.

A special program has been arranged for boys and girls, a large number of whom it is expected will attend. The Sunday program will include a sermon by Gypsy Smith Jr., famous evangelist. Special as well as educational features will be on the program. Several evening sessions will cover topics of a special nature involving illustrated lectures. One evening will be devoted to the play "Back on the Farm", and special chorus singing of old time songs will be led by the college musical director.

Speakers and demonstrators on the farmers' week schedule include members of the staffs of the school of agriculture and the school of engineering, as well as the president of the Pennsylvania State College.

MEETING

There will be a business meeting of the St. Courageous W. C. T. U. tomorrow afternoon at the home of Mrs. C. S. Nau, East Middle street.

HAMM CASE IN COURT TO-DAY

Two Charges Face McSherrytown Man. Witnesses are Heard.

ONE DIVORCE IS GRANTED

Charges against Oliver Miller are Settled after he Gives Bond to Keep the Peace.

This morning's session of Court was taken up largely with the hearing of the cases against Bert Hamm, of McSherrytown. Hamm faces a charge of assault and battery and another more serious charge preferred against him by Pauline Stump. Both cases were tried together.

The child, now fifteen years of age, had been a member of the Hamm household from the time she was six years old. Various witnesses were heard in the case and it was still on trial at the opening of Court this afternoon.

A true bill was returned in the case of the Commonwealth against Esther Harbolt, on oath of Agnes Small. The charge preferred is larceny.

D. F. Stitzel was appointed an auditor in Latimer township to fill a vacancy.

A decree in divorce was awarded in the case of Mrs. Bessie May Briscoe against Horace Charles Briscoe. The wife was given the custody of their child.

The cases against Oliver Miller, charged with assault and battery on Jacob H. Stover, and pointing a gun, were settled Monday by the costs of prosecution being paid and Miller giving bond to keep the peace for one year.

A number of sales were confirmed and other routine business transacted.

FOOT BALL STAR SERIOUSLY HURT

Injuries Sustained in Game here on Saturday Cause Some Concern.

Charles Chambers, who has been playing back positions for Villanova College eleven, is in a serious condition from injuries received at Gettysburg last Saturday. He is at his home in Steelton. Chambers was taken to Steelton late Saturday night by "Pat" Reagan, assistant coach at Villanova.

Chambers is suffering with internal injuries. It is not certain whether any ribs are broken. The physicians say the young man was hurt in the kidneys and that he will not be able to play again this season.

In Saturday's contest between Villanova and Gettysburg, Chambers was not sent in until late in the game. He succeeded Brennan and Fleming at fullback.

Charles Chambers is 20 years of age and during his football career at Steelton won much prominence because of his good work. He was twice picked on an all-star scholastic eleven and two years ago was captain of the Steelton High eleven.

MISS MARIA ZIEGLER

Funeral to be Held in York Thursday Afternoon.

Miss Maria Ziegler, a sister of Mrs. T. C. Billheimer, of Springs avenue, died on Monday morning at her home in York after an illness of several years. She was aged about 70 years.

She was a daughter of the late Rev. and Mrs. Jacob Ziegler, and leaves the following sisters and brothers, Mrs. T. C. Billheimer, Gettysburg; Mrs. Anna Weaver, Edward B. Ziegler, Misses Louise and Fannie Ziegler, all of York; Mrs. Wilson B. Hauck, Reading; and Charles Ziegler, Harrisburg.

The funeral will be held Thursday afternoon at two o'clock in York.

PROPERTY SOLD

J. C. Eckels has sold for Paul T. Arnold, of Ridgeway, the property now occupied by the Imperial department store in Carlisle, to Harry Bowman of the firm of Bowman and Company, who are the present tenants. Mr. Bowman will make some extensive repairs to the store and building. The consideration for the same was about \$40,000.

MEETING TO-NIGHT

Dr. Sanders will Address Members of Young People's Branch.

A meeting of the Y. P. B. will be held in the social room of St. James Lutheran church at 7:30 this evening. Dr. Sanders will speak. After the program the officers will be elected. All young people over 14 years of age are invited to join.

MORE COACHES FOR THE TEAM

Line Men Getting Additional Instruction. Preparing for Saturday.

Gettysburg foot ball stock has been boosted considerably during the past two weeks through the excellent work of the eleven against West Virginia and Villanova, and from the general drift of news they will enter the game against Bucknell at Harrisburg Saturday a slight favorite. Followers of the Lewisburg combination still refuse to concede anything to Berryman's men, however, and are pointing that a comparison of their scores in games against the same teams bear them out.

The Gettysburgians met Cornell in their first game of the season and were defeated by a score of 26 to 0. The result, however, does not give a fair estimate of the strength of the Battlefield eleven, for the game was played under adverse conditions. Several weeks later Al Sharpe's team defeated Bucknell by a score of 19 to 0, chiefly because the boys from Lewisburg were unable to stop the plunging of Shiverick, Cornell's rangy quarter-back.

At State College, both teams were defeated by about the same score and both seemed to show about the same strength against Coach Harlow's aggregation.

Neither squad is handicapped through cripples, as only a few slight injuries were sustained in the games of last week, and there is every indication that all of the regulars will be in tip-top condition when they line up Saturday.

At Gettysburg Coaches Berryman and Leathers are being assisted by Miller, star guard of the Penn State eleven of 1913, 14 and 15, who will direct his attention to the line. Then, too, "Heinie" Snyder and "Polly" Seiber expect to spend a few days on Nixon Field.

Coach Johnston, at Lewisburg, will have the aid of Cockill, Johnson, Shipp and Cruikshank, all of whom have been stars of Bucknell teams in former years. Under the supervision of such a corps of football instructors, both Bucknell and Gettysburg should present the best aggregations that have represented them in years.

In order to accommodate the increased demand for seats, the management of the big game has arranged for the erection of more bleacher seats.

DEMOCRATS WILL PARADE FRIDAY

Special Trains between Gettysburg and Hanover for Two Demonstrations.

MANY COMMITTEES NAMED

Democrats Go to Hanover Wednesday Evening, and Two Nights Later Visit will be Returned.

With red fire, transparencies, floats, and all the other things that go to make up the traditional triumphant political demonstration, the Democrats of Adams County will hold their jubilation over the re-election of Woodrow Wilson Friday evening when they will stage a parade on the streets of Gettysburg.

On Wednesday evening Hanover will have its parade and a special excursion train will be run from Gettysburg, the excursionists being invited to take part in the demonstration in the York county town. Friday evening the Hanoverians will come here by special train to take part in Gettysburg's parade, and a great time is anticipated at both places.

The parade here is scheduled to move promptly at seven o'clock. H. E. Riddlemoser, of McKnightstown, will be the chief marshal and will have as his aides, C. C. Bream, Joseph Smith, and Robert S. Bream. The committees on arrangements for the parade will be as follows:

THE SUPREME SACRIFICE

Girl Killed Trying to Save her Sister's Life.

While trying to save her elder sister, Edith Hutchins, Ridgeville, from being run down by a frightened horse, near Frederick, Bessie Hutchins was run down by a horse driven by J. Howard Kain, of Ridgeville, and killed almost instantly.

The animal, according to the version given by Kain, was frightened at a passing automobile, the team being headed in the direction the two girls were walking. He says he was blinded by the glare of the headlights and a dense fog and was unable to see the two girls walking on the road from Mt. Airy to Ridgeville.

The end of a shaft struck the right side of the girl's head, causing concussion of the brain. Kain did not know that he had run down the girls until a negro, who was in the buggy, said "I believe we have run down somebody." Kain stopped the animal and investigated.

WANT ANOTHER MARYLAND ROAD

Air Line Macadam Highway to Westminster is now their Desire.

Asking that the Frederick county commissioners co-operate with them in having the State Roads Commission take over the Frederick and Liberty Turnpike, about nine miles in length, a large delegation appeared before the board. The commissioners could give no satisfaction except to state that if the company would give the turnpike to the State, as well as half the money in the treasury, the county would probably look after the upkeep of the road until the State was in a position to re-surface it.

The road practically goes on an air line from Frederick to Westminster, the county seat of Carroll county. A part of the delegation urged the purchase by the State of the New Windsor and Liberty Turnpike, which would then give a State road to the Carroll county line.

The commissioners are unable to state when the toll gates on the Buckeystown and Urbana pikes will go up. It will be remembered that the State decided about six weeks ago to take over these roads, but it was necessary first to examine the titles and have the turnpike companies ratify the sales. There are several toll gates on the two roads that will go up as soon as the State gives the word, and many inquiries are being received as to when free traffic will be provided for the public.

It is believed that in the course of time all toll gates will be abolished in Frederick county, as the State roads system grows. However, the purchase of turnpikes depends on the amount of money appropriated by the legislature, and the work can go on only so far as the money will carry it.

ANOTHER STEP

Council Grants Franchise to Trackless Trolley Company.

At the monthly meeting of the Dover town council a new ordinance, granting a franchise to the Dover and Rossville Trackless Trolley company, was passed on first reading.

With the passage of the ordinance a trackless trolley between Dover and Mechanicsburg, by way of Rossville, is practically assured, according to J. I. Comley, a representative of the company. Although a bill was passed some time ago, it was in favor of Mr. Comley, who represented the company. In addition to the franchise granted the company by the borough council the corporation has secured the right of way through all the townships and boroughs and villages leading to Dover. According to the stipulations of the ordinance work on establishing the new line will have to begin between this time and spring.

MILK AND CREAM RISE TO-MORROW

Storage Company and Other Dealers Announce Increase in Rates.

MILK RISES TWO CENTS

Cream will Sell at Thirty Cents a Quart. Different Reasons Given for the Advance.

A substantial rise in the price of both milk and cream, effective on and after to-morrow, is announced by local milk dealers. Milk goes from six to eight cents a quart; cream from 20 cents a quart to 30 cents. A half pint of cream will be eight cents instead of the former price of five cents.

In making the announcement of the new scale the Ice and Storage Company says in its advertisement: "A re-adjustment of our milk prices has been compelled by the soaring prices of every item entering into our preparation and marketing. In addition to the increased cause of pasteurization, the purchase price of raw milk is now considerably higher."

C. J. Weaver, W. H. Johns, and John L. Sheads, in telling by advertisement of the rise, say: "Owing to the high prices of cows and feed of all kinds we find it necessary to announce to our customers that on and after Thursday, November 16th, the price of milk and cream will be as follows", then is given the above new schedule.

The rise in price here is similar to that made within the past month in many of the surrounding towns, and is declared to be an imperative necessity if the dairymen are to operate at a reasonable margin.

VIRGINIA MILLS

Virginia Mills—Mrs. Mervin Kepner and children spent Saturday and Sunday with her mother, Mrs. James S. Currens and family.

BRITISH START A NEW DRIVE

Attack Teutons on the Ancre
and Take Two Towns.

BATTLE NOW ON FOR SERRE

English Smash a Mile Through the
German Lines and Capture 2000
Prisoners.

With the British Armies in France, by way of London, Nov. 14.—Attacking on a front of nearly five miles on both sides of the Ancre river (on the Somme front), in mist and darkness, the British made a further breach in the original German front line.

They captured the strongly fortified villages of Beaumont-Hamel and St. Pierre Divion, and gained new ground, which already has reached a depth of more than a mile at one point. Two thousand prisoners already have been taken to the cages.

Severe fighting continues before Beaumont-Hamel, on the north bank of the river, and on the high ground about midway between Serre and Beaumont-Hamel, west of the road linking those villages.

Notwithstanding the long prevailing bad weather with almost continuous rains the attacking troops made good progress in No Man's Land, the mud having partially dried in the last two days. They were not impeded seriously by the German machine guns.

A Reuter despatch says:

"Already the British line on both sides of the Ancre has been advanced for a maximum depth of one mile, capturing the villages of Beaumont-Hamel, considered by the Germans impregnable, and St. Pierre-Divion and also valuable trenches north of Serre."

"All these positions were a part of the heavily fortified original German main line and had been occupied for more than two years."

The war office statement says:

"Hostile artillery activity continued during the night on our positions in the neighborhood of Les Boeufs and Gueudecourt. Gas was successfully discharged by us against enemy trenches opposite Rans. The enemy's trenches were entered by us south-east of Armentiers."

There was only the usual cannonading during the night along the French front, says the Paris war office.

The French statement says:

"Nine bombing airplanes and seven escorting planes of the British royal naval service bombarded blast furnaces and foundries at Saint Ingbert, northeast of Saarbrücken, in the basin of the Sarre. All the machines returned."

"Two German machines dropped bombs on Belfort. Five civilians were killed."

Advance Checked, Says Berlin.

Berlin, Nov. 14.—Attempts of entente troops to advance between the Ancre and the Somme were broken up by German artillery fire, the war office announced.

In Upper Alsace the French took the offensive, but their efforts to advance failed completely.

In the town of Sully-Sablisse, on the Somme, according to the statement, the German forces continue to hold the east edge of the town. "On both sides of the village the French attacked in the afternoon with strong forces. They were repulsed," the statement says.

AIRBOMBS KILL 60 AT PADUA

Building in Which They Took Refuge
From Austrian Airplanes Destroyed.

Rome, Nov. 14.—Sixty persons, mostly women and children, were killed in an air raid carried out by an Austrian squadron on Saturday, the war office announced. The statement says:

"On Saturday afternoon a squadron of enemy airplanes dropped bombs on Padua. A building in which numerous women and children had taken refuge was destroyed. The greater part of the inmates were killed. The number of dead already accounted for is sixty."

P. R. R. Oil Rates Suspended.

Washington, Nov. 14.—Proposed increased class rates on various kinds of traffic from Oil City and other Western Pennsylvania stations on the Pennsylvania railroad to Minneapolis, and other points taking the same rates, by way of rail-lakes-and-rail were suspended by the interstate commerce commission until March 15.

REPORT MACKENSEN IN FULL RETREAT

Russians Have Crossed Danube South of Cernavoda.

London, Nov. 14.—The Russians have crossed the Danube into Dobruja at two points south of Cernavoda and the Russian fleet has renewed the bombardment of Constanza, according to Petrograd advices received by wireless by way of Rome.

Field Marshal von Mackensen is reported continuing his retreat with demoralized forces and with one-third of his effectives lost.

The ravages of disease and the military reverses sustained are declared in the Petrograd advices to have seriously affected the morale of von Mackensen's army while the reinforcements he requested to make good his losses are said not to have been provided, his retreat, therefore, being conducted under disastrous conditions.

The Serbians have won a brilliant victory over the Germans and Bulgarians in the Cerna district southeast of Monastir, the Paris war office announces. Supported by French artillery they forced the enemy to retire a distance of nearly two miles and captured about 1000 prisoners.

In an all-day battle in the region of Dragoslavele, northeast of Campulung, south of the Transylvanian border, the Rumanians maintained their positions, Bucharest says. On the right bank of the river Alt, however, they were compelled to yield ground.

OBEY 8-HOUR LAW OR FACE STRIKE

Brotherhood Leaders Confer in
New York.

THE SWITCHMEN ARBITRATE

Threat Made by Head of Trainmen if
the Railroads Fail to Observe the
Adamson Measure.

New York, Nov. 14.—Failure of the railroads of the country to live up to the spirit and intent of the Adamson eight-hour law will result in the strike vote of the four big railroad brotherhoods being put into effect, it was announced by William G. Lee, head of the Brotherhood of Railway Trainmen, after a three-hour conference between brotherhood and railway representatives.

The conference was called to reach, if possible, some agreement or conclusion as to working out the provisions of the law, which goes into effect January 1. The strike vote referred to by Mr. Lee is that taken before the conference between the railroad and brotherhood heads and President Wilson, which was followed by the passage of the Adamson law after the brotherhoods had threatened to put the vote into effect at that time.

When the conference adjourned it was announced by brotherhood representatives that so far nothing had been accomplished. They said they had worked out an interpretation of the eight-hour law, but had refused to divulge it, as some of the roads had announced their intention to fight it through injunctions.

Mr. Lee added that any attempt at subterfuge by the railroads will be met with instant action.

Elisha Lee headed the conference committee of managers which represents the roads. Lee, A. G. Garretson, W. S. Stone and W. S. Carter, heads of the four trainmen's brotherhoods were among the men's representatives.

With the prospect that questions involved in the eight-hour law controversy will be brought up, proceedings in arbitration were begun which may settle the demands of switchmen on thirteen railroads east of the Mississippi for an eight-hour day and time and a half pay for overtime labor.

S. E. Heberling, president of the union said the pay of the men had advanced only eight or nine per cent since 1906, whereas the cost of living had gone up more than twenty-five per cent. He said he thought the demands moderate in view of this and because the occupation was the "most hazardous in railroad work."

Horace Baker, general manager of the Cincinnati, New Orleans and Texas Pacific railway, said the cost of living applied to both sides, and that the demands had been refused because the roads considered the present rates fair.

MILLIONAIRE A BANKRUPT

Federal Jury So Adjudges Man Who
Transferred \$2,000,000.

Chicago, Nov. 14.—Edward W. Morrison, who, since he transferred more than \$2,000,000 of his property to his attorney, James R. Ward, has been known as the "millionless millionaire," was adjudged a bankrupt by a jury in federal court. The jury was but fifteen minutes reaching a decision.

Several years ago Charles S. Riemann obtained judgment for \$90,000 against Morrison and unable to collect the money, filed a petition in bankruptcy against the aged defendant.

It was on this petition that Morrison was adjudged a bankrupt. In the hearing of the case Attorney Ward was called to testify in regard to his handling of Morrison's legal affairs during the past fifteen years and as a result of his testimony Judge Landis ordered him to the federal grand jury in bonds of \$15,000 for alleged perjury.

U. S. Brewers Must Plead Nov. 27.

Pittsburgh, Pa., Nov. 14.—Judge Thompson in federal district court issued an order requiring the United States Brewers' association to enter its plea on or before November 27 to indictments found last spring. The indictments include conspiracy and a number of other charges in connection with the alleged use of money in political campaigns. Many other brewing associations and individuals, indicted at the same time, were included in the order.

DEMOCRATS HAVE \$300,000 DEFICIT

Campaign Treasurer Appeals For Contributions.

New York, Nov. 14.—Plans for meeting by popular subscription that \$300,000 deficit which it was announced was incurred by the Democratic national campaign committee in its first re-elect President Wilson, were proposed here by Wilbur W. Marshall, treasurer of the committee.

The proposal calls for an appeal to 2000 cities each to raise \$100, leaving the rest to such individuals as may be willing and able to pay it off.

Mr. Marshall said that in view of the popular vote the president received he thought the plan to popularize paying off the deficit would be attended with the same success as characterized the collection of the original fund, the bulk of which came from many thousands of contributors in small amounts.

No concession of the election of President Wilson has come as yet from Chairman William R. Wilcox, of the Republican national committee. He said he is still waiting for the official counts in close states.

While refusing to make a formal analysis of the vote, Mr. Wilcox pointed to various facts as tending to refute statements that the woman, farmer, railroad or labor vote in general was cast against the Republican candidate.

Charles E. Hughes maintained silence at his hotel as to the election. He continues to receive a great mass of correspondence. He went for a short walk after breakfast.

WIN BY TWO VOTES

Two Soldiers' Ballots Elect Two Delaware Candidates.

Laurel, Del., Nov. 14.—Votes of two Laurel soldiers received from the Mexican border elected Brown, Republican state senator, over Allen, Democrat, and Hastings, Democrat, inspector of third precinct, over Hearn, Republican, there being a tie vote in each case.

The official canvass of the vote of Delaware at last Tuesday's election for president was completed and is as follows:

Hughes, 25,794; Wilson, 24,521; Hanly, 654; Benson, 480.

These figures do not include the soldier vote from two counties cast in New Mexico.

TO CONTEST ELECTION

Senator Chilton Acts After Conference With Senate Chairman.

Charleston, W. Va., Nov. 14.—United States Senator William E. Chilton, Democrat, will contest the election of Howard E. Sutherland, Republican, at last week's balloting. It was made known.

It was stated Senator Chilton, who as candidate to succeed himself was defeated by Sutherland on the face of returns to date, was in communication by telephone with Senator James K. Vardaman, chairman of the senate committee on privileges and elections. The announcement that the election would be contested followed this conference, it was said.

Druggist Held in Suicide.

Seranton, Pa., Nov. 14.—Thomas O'Connor, a druggist of Winton, near here, must answer in court for selling a dozen poison tablets to Thomas Llewellyn, Blakely, May 2, 1915. Llewellyn swallowed the tablets with suicidal intent and died. His widow sued the druggist for \$5000. Judge Edwards refused to dismiss the case and it will now go to a jury.

REPUBLICANS FIVE AHEAD IN CONGRESS

Exact Complexion of New House Still in Doubt.

New York, Nov. 14.—The Republicans will have 217 votes in the next house of representatives, according to the latest returns available.

This is an increase of one in the total Republican membership previously reported. The change is based on reports from the sixth New Jersey district, showing the election of John H. Ramsay, Republican, by a plurality of about 1500 over Robert Heath, Democrat.

It does not take into account a probable contest in the tenth North Carolina district, the third New Jersey district, where Thomas J. Scully, Democrat, claims to have been elected by a plurality of fourteen votes, or the eleventh Iowa or third Louisiana districts, where the pluralities are so small that recounts are considered possible.

The election of Mr. Ramsay from New Jersey and the consequent loss of one Democrat from that state leaves the Democratic membership of the house at 212, as indicated by returns thus far received. All other parties have elected six members. On the face of present figures, the Republicans fall one short of 218 votes, necessary for a working majority.

U-BOAT REPORT GROUNDLESS

Submarine Sighted Off Rhode Island Is
American Submarine, Not U-40.

Wakefield, R. I., Nov. 14.—Reports that a German war submarine had been sighted in Block Island sound, and that it had signalled its identity as the U-40, created a stir along the coast, which, afterward, it developed, was without foundation.

The report came from a coast guard station near Westerly. It said the submarine was moving eastward, and was only about seventy miles from the vicinity of the raid of the U-53, off Nantucket Shoals, several weeks ago.

Later, however, it was announced that the vessel was the No. 49, and that it was a submarine of the United States navy.

WORKMEN UNEARTH SKELETON

Workmen on the installation of the sewerage system for the Cumberland county home made a ghastly find while excavating for a trench. In a corner of a field about 500 feet from the Letort spring, buried only about 18 inches in the ground was discovered the skeleton of a human being. The top of the skull gave evidence of being sawed off, otherwise the skeleton was complete. There was not a particle of clothing found but there was something near the bones that resembled a button. The skeleton was discovered by a man named Sanno. Who and why anyone was buried in that field are of course matters of conjecture only. It was not the potters' field connected with the institution as that is in an entirely different direction. And when did the burial take place? Is there anyone hereabouts who can clear up the mystery? The skeleton was buried in the old graveyard.

OLD MAIL CARRIER DIES

Amos C. Devinney died on Saturday evening at his home near Mechanicsburg, after several weeks' illness of kidney trouble. He was aged 73 years and lived in his late home for a period of forty years. In his early life Mr. Devinney carried mail on rural routes for twenty years. For ten years he was carrier to York, going by way of Dillsburg, Rossville and Hanover, and returning the next day. He was born at Shepherdstown, and recalled the early history and growth of the entire locality. His wife and four children survive.

SEARCH ALL NIGHT FOR GIRL

After her father, police officers and friends had searched from early evening throughout the night, the eight year old daughter of Hanson Hege, of Carlisle, was located at the home of James Heckman, where she had spent the night. The little girl stayed late at the Heckman home where she went for a visit and finally decided to stay all night.

Alarmed by her absence, her parents began a search. A neighbor stated she had seen the girl going toward the Letort Spring and it was feared for a time that she was drowned. Police officers were notified and just after 9 o'clock the Court House bell was rung. Search parties followed the banks of the spring and searched along the railroad tracks. The marks of a child's shoe were found near a swamp in the neighborhood. The parties were out until an early hour next morning, when the girl herself returned home and set the fears of her parents at rest. The people with whom she was staying said they heard the bell but did not connect it with the visit of the child to their home.

YORK COUNTY

CLAIM DAMAGES

A suit for damages was filed in the office of Prothonotary Thomas J. Young, at York, by Harry R. Forry and his wife, against the York Railways company, claiming damages amounting to \$3,000 for the wife and \$500 for the husband, as a result of injuries received by Mrs. Forry on May 9, last. The claim sets forth that Mrs. Forry in attempting to cross West King street at the point where that street intersects with Hoke's avenue, was struck and dragged some distance by a street car owned by the Railways company. It is alleged the car was operated at a high rate of speed by the Railways company's employes in charge, and it is further stated that no warning was given of the approach of the car. Mrs. Forry's injuries consisted of a broken left arm, broken left collar bone, and her whole body was cut, torn and bruised, contused and shocked. For this she claims \$3,000 damages.

Mr. Forry claims damages of \$500 for money expended for surgical and medical treatment, employing someone to take care of his household, and for the loss of the help of his wife during the time she suffered from the effects of the injuries.

19 TOED MAN NO THIEF

Has to Carry Two Pairs of Shoes or Can't Walk.

Pittsburgh, Pa., Nov. 11.—Arrested because he had a pair of shoes attached to his belt, Ernest Cummins, forty-five, told an interesting story when arraigned in Magistrate Fugate's police court.

Asked to explain why he wore a pair of shoes and carried another pair, Cummins said he had six toes on each foot, and it was necessary for him to change shoes every hour, or he could not walk.

"I'm from Missouri," said the magistrate.

"I'll show you," Cummins retorted, and he pulled off his shoes and socks. He had six toes. Then he showed the magistrate his right hand. There he had five fingers and a thumb. His left hand has only four fingers and a thumb, the regular number; but one finger was cut off in an accident.

Captain of Columbian Recites His Experience on Board a German Submarine.

Coruna, Spain, Nov. 14.—Captain Frederick Curtis, of the American steamer Columbian, who arrived here with the rescued crew of this steamship, declared that he was a prisoner on board the German submarine U-49 for six days after the destruction of his vessel.

All of the 109 members of the Columbian's crew were saved. Captain Curtis stated.

Captain Curtis said the Columbian was warned before she was torpedoed and sunk by the U-49. The crew was left in lifeboats and the captain was taken on board the submarine.

Captain Arthur Patterson, of the British steamer Seatonia, says he also was a prisoner on board the U-49 for eight days, during which time he heard the guns of the submarine in action and also heard distinctly the explosion of the torpedo which he learned later blew up the Norwegian ship Balto.

soon after which Captain Yeluzen, of the Norwegian ship Fordalen, joined him in the narrow prison on board the submarine, where they were joined on the following day by Captain Curtis.

"My ship registered at New York," said Captain Curtis, "carried a cargo of about 9000 tons and a crew of 109, all of whom were saved. I stopped on the command of the submarine, whose commander ordered me to abandon the ship with the crew immediately which we did without other baggage than two satchels with documents and money."

"Submarine U-49 fired at once two torpedoes at the Columbian, which immediately sank. The crew was left in lifeboats, while I was taken on board the submarine which plunged immediately after I was taken into the small quarters of the submarine, where I found the captains of the Seatonia and the Balto. After me came Captain Yeluzen, of the Fordalen."

"The cabin was very small. It contained a little folding table, a folding chair and three bunks. Everything was permeated with the odor of benzine. There was no communication with the exterior and the cabin was absolutely dark night and day."

"We were fed in the morning with a few morsels of black bread, a cup of coffee and a small portion of bad butter; at noon with a stew of canned meat and soup, and at supper at ten o'clock with coffee or tea and black bread, with butter or marmalade. The hours spent in this narrow prison were very long and disagreeable."

The captain of the submarine, Captain Curtis said, was about thirty's years of age, while his crew of forty sailors were all very young. All were attired in clothing of glossy leather.

FEEDS 1000 IMMIGRANTS

Wealthy Fur Dealer Celebrates Daughter's Wedding With Feast.

New York, Nov. 14.—Twenty years ago Max Gotschneider, with his wife and baby girl, arrived in New York, penniless, from Volna, Russia.

He begged help from a charitable organization and was given a job as a fur dyer. In return he made a vow that when his daughter should be married, all men who were hungry, as he was then, should be fed.

The immigrant became a prosperous fur dealer and announced the coming marriage of his daughter to a diamond merchant. He drove to the Hebrew society's headquarters in his automobile and explained that he was ready to keep the vow made a score of years ago.

"How many immigrants have you here now?" he asked. He was told about 200.

"Not enough," he declared. "Go out into the neighborhood. I want to feed any number up to 1000, perhaps more if you can get them."

Nearly 1000 poor were fed at his expense between one P. M. and midnight.

Mates Shoot Hunter.

Federalburg, Pa., Nov. 13.—Ashbury Evans was accidentally shot by hunting mates, eleven shot piercing his legs and body, when they blazed at a rabbit without noticing he was within range. VON BERNSTORFF SEEKS LETTERS U. S. SEIZED

Expect United States to Prosecute Accused Spy.

Washington, Nov. 13.—After causing the arrest of Dr. Armgard Graves, charged with attempting to extort \$3000 as the price for surrendering alleged stolen letters addressed to the Countess von Bernstorff, wife of the German ambassador to the United States, Count von Bernstorff said, upon recovery of the letters, United States officials, however, may continue the prosecution.

Dr. Graves, whose spectacular arrest through a trap set by federal and district authorities, was requested by the German embassy, is in New York city to employ counsel for a spectacular fight. Graves was released on \$2000 bond following his arraignment before United States Commissioner Anson Taylor. His preliminary hearing is scheduled for next Wednesday before Commissioner Taylor.

The two charges against Graves are "threatening to publish and expose letters addressed to the Countess von Bernstorff and extort from her the sum of \$3000," and bringing her "letters addressed to the Countess von Bernstorff which had been stolen at Hoboken, N. J."

The letters mentioned in the two warrants issued against Graves are only a few of many obtained from him after arrest.

Several of the letters were in code, and Dr. Graves hinted that they contained valuable military information.

All of the letters, including those in code and those addressed to the Countess von Bernstorff, were seized by A. Bruce Bielaski, chief of the federal bureau of investigation.

TWO SPUDS TO SEE MOVIES

Novel Admission Fee Adopted at Motion Picture Theatre.

Chicago, Nov. 13.—Boys with bulging pockets, little girls with small baskets, grown men looking somewhat sheepish and gingerly carrying paper sacks wedged their way toward a given point in Waukegan. The pilgrimage ended beneath the legend:

"Admittance, two potatoes."

Overhead flamed the sign of a motion picture theatre and beyond the "ticket" taker busily pumped admittance fees into a large barrel. The place was packed and a line extended to the curb outside. When Mrs. Carl Muller, who, with her husband, owns the theatre, counted up the day's receipts they totaled two barrels and a clothes basket full of the choicest tubers of the Waukegan markets. On Thanksgiving day they will be distributed to the city's poor.

"I got the idea from scanning my grocery bills," said Mrs. Muller. "Vegetables, especially potatoes, are awfully high. Next week we're going to charge two carrots, or two onions, or turnips, or a cabbage."

MINT JELLY.—To make jelly pour two cupsful of boiling water over a bunch of freshly bruised mint leaves. Simmer gently for ten or fifteen minutes. Strain, then to a pint of liquid add a package of currant or lemon or any of the gelatins or half a package of gelatin that has been soaked in a little cold water reserved from the amount measured out. Add sugar to sweeten and lemon juice to make as acid as desired. Stir until dissolved and set away to cool. As the mixture begins to thicken stir in two table spoonfuls of capers, then pour it into a large mold or into individual molds and set away to harden.

Caramel Ice Cream.—Heat a quart of milk to boiling, stirring into it a cupful of sugar, two tablespoonfuls of flour and two eggs which have been well beaten. When the milk is first set over the fire put a cupful of granulated sugar in a frypan and set it where it will melt, watching it carefully if the fire is hot. When the sugar is melted it should then be turned into the foundation custard and thoroughly mixed. Cook the whole ten minutes and set away to cool. When cold add pinch of salt, a quart of thick cream and freeze.

Blackberry Dumplings.—Sift together one pint flour, one teaspoonful each baking powder and salt, rub in two ounces butter and mix to a soft dough with half cupful milk. Roll out thin and cut in rounds with a biscuit cutter. Place three or four large black berries in the center of each round, fold up the dough around them and pinch together into a dumpling. Lay smooth side up on a plate and either bake or steam them—the latter by setting the plate into a steamer over boiling water. Serve hot with cream and sugar.

Mock Plum Pudding.—Put a cupful of finely chopped raisins in the bottom of a mixing dish and mix a cupful of flour with it. Add a cupful of brown sugar, a cupful of suet chopped fine, half a teaspoonful each of clove, cinnamon and allspice, the juice and grated rind of a lemon, citron to suit and salt, a cupful of grated carrot, a cupful of grated potato, a teaspoonful of soda mixed with the potato. Mix all thoroughly and steam three hours. Hard or liquid sauce, as you please. This tastes much like English plum pudding, but it is far more easily digested.

STANDING OF THE HOUSE AND SENATE DURING NEXT CONGRESS

Situation Unparalleled In American History as Independents May Decide Presiding Officer of House.

Election of 1916 Will Go Down as One of the Most Bitterly Fought Contests In Recent Times.

THE presidential contest of 1916 will go down as one of the closest and most bitterly fought battles of ballots in the history of the United States. Not alone was President Wilson re-elected by a very small margin, but the election more proved the truth of the popular assertion that "every vote counts."

How close the popular vote was in many states may best be judged by recalling that New Hampshire, at first placed in the Republican column, was later claimed to be in the Democratic column and that the Democrats asserted they had won in that state by less than 200 votes. New Hampshire again returned to the Republican column by a small margin and still later was called doubtful.

The Congress Situation.

It is asserted that President Wilson will have trouble in dealing with the Sixty-fifth congress. The returns indicate that, while his party will control the senate by a majority of twelve, it may not control the house. There are 435 seats, and it will take 218 to control that body. The Democrats appear to have elected 215 and the Republicans 211. Five seats are in doubt, and there is one Socialist, one Independent, one Progressive and one Protectionist.

The Democrats on the face of the returns have a plurality and can elect a speaker unless the representatives of the minor parties combine with the Republicans. A fight for the speakership between the two parties may take place. It will be the first time since before the civil war.

In the upper branch Republicans gained one senator each in New York, New Jersey, Maryland and Ohio and two in Indiana, where Thomas Taggart, the Democratic leader of the state, went down to defeat.

Notable among the senators elect are Frank B. Kellogg of Minnesota, who prosecuted the Standard Oil company, and Philander C. Knox of Pennsylvania, who was secretary of state under Taft.

TAKES UP U BOAT ATTACKS

No Decision Reached on Whether Germany Violates Pledges.

Washington, Nov. 14.—Secretary of State Lansing laid before President Wilson a summary of information regarding recent submarine attacks on vessels carrying Americans, but reported that sufficient evidence was not yet at hand on which to base a decision.

He said no information had been received from the Berlin government in response to an inquiry sent through the American embassy concerning the sinking of the British ship Marina in which six American lives were lost.

While state department officials consider the submarine situation as serious, no decision has been reached as to whether Germany has violated pledges given to the American government after the attack on the channel ship Sussex.

All recent submarine activities, including the raid of the U.S. off the New England coast, are being considered at the state department together in an effort to determine whether a new submarine policy has been adopted by Germany.

Minnesota Margin Cut.

St. Paul, Nov. 14.—Soldiers' votes from two more counties reported cut the Hughes lead in Minnesota to 229. Troops from Brown county voted twenty-seven to sixteen in Wilson's favor and Martin county's soldiers twenty-one for Wilson and eleven for Hughes, a net gain of twenty-one for Wilson. The total now stands: Wilson, 178,617; Hughes, 178,514.

Delaware's Final Vote.

Wilmington, Del., Nov. 14.—The official canvass of the vote of Delaware at last Tuesday's election for president was completed and is as follows: Hughes, 25,794; Wilson, 24,521; Hanly, 694; Pension, 489. These figures do not include the soldier vote from two counties in New Mexico.

Shoots Son, Daughter-in-Law and Self.

Dudley, Mass., Nov. 14.—Frank D. On, former tax collector of the town, a retired attorney and wealthy farmer, shot and killed his son, Robert, his son's wife, Lena, and himself. He had opposed his son's marriage.

EXPERTS PUZZLED OVER CERNAVODA

Believe Teutons Have Been
Forced Back.

REPORTS ARE CONFLICTING

London Confidential Mackensen Has
Been Defeated and Rumanians Are
in Control After Severe Battle.

London, Nov. 13.—A feeling of confidence regarding the situation in the Dobruja province of Rumania, where von Mackensen, the German commander, had put the Russian and Rumanian army to flight, has been induced in the public here by the announcement from Petrograd that the allied troops have forced von Mackensen south until he is now stubbornly fighting to retain possession of Cernavoda.

It is here that the Rumanians blew up the great bridge when they found themselves unable to hold the city against von Mackensen's earlier push. The early Petrograd despatch stated that Russian cavalry and infantry detachments had occupied the station of Dunareav, "three versts west of Cernavoda." At first the report caused disquiet as it was feared that von Mackensen had crossed to the west bank of the Danube in force.

This point has not yet been cleared up. Dunareav, situated east of Cernavoda, on the west bank of the Danube, is built on one of the "islands" of solid ground among the marshes along the Danube and had apparently been occupied by German troops perhaps crossing over a section of the great bridge after it had been repaired. At any rate the Russians are in control of the place after a fight that must have been severe as the report states that more than two hundred German dead were left on the field.

A later report that the combined Russian and Rumanian army in Dobruja had advanced south on the east bank of the Danube on Saturday and occupied Ghidarechi and Topal, and that the Russian Black Sea fleet had set fire to the port of Constanza, burning vast stores of naphtha, benzine and other stores collected by the Bulgarians and Germans, relieved the anxiety existing here as to the Rumanian situation. General Sakharoff evidently has the situation well in hand.

The Petrograd war office announced the capture by the Russian army in Transylvania of two commanding heights south of Almasmezo, fifty-five miles southeast of Dorna Watra.

In Dobruja the Russian advance southward continues. Austro-German troops in large force attacked Russian positions in the Stockhol river region of Volynia on Saturday and captured a section of Russian trenches.

After an all-day battle in Galicia southeast of Lemberg Austro-German troops captured a section of the Russian trenches, the war office says. The engagement occurred in the vicinity of Lipnicadolina and Svislinski, where continuous heavy fighting has been in progress since the Russians captured Austro-German positions there last week.

In the region of Lipnicadolina and Svislinski the enemy bombarded the trenches we had captured throughout the day and attacked with large forces," the statement says. "In the course of the battle, which raged until evening, the enemy succeeded in recapturing a section of our half destroyed trenches. On the remainder of the front there was an exchange of fire. Our scouting patrols made reconnaissances.

Engineer Hurt in Wreck Expires in
Scranton Hospital.

Stroudsburg, Pa., Nov. 13.—Jerry Desmond, engineer of a Lackawanna cattle train from Buffalo to New York was injured fatally when the train ran into an engine on a siding. He died in the Moses Taylor hospital in Scranton.

The collision occurred near Henryville, six cattle cars were wrecked but only thirteen head of cattle were killed out of nearly two hundred packed in the six cars.

While Desmond, who was scalded seriously, but suffered little pain walked back and forth on the platform of the Lackawanna station at East Stroudsburg, waiting for a train to take him to Scranton, he said: "I am going to die."

Iron Bar Burns Off Legs.

Lebanon, Pa., Nov. 13.—Frank Border, eighteen, met death in frightful form, when he was caught in the loop of a bar of white-hot iron and both of his legs sawed off by the bar as it flashed through the rolls of the seven-inch mill at the Lebanon Valley Iron & Steel company's plant, in Lebanon.

WAITED AT CHURCH IN VAIN FOR FIANCEE

Allentown Man Says He is Done
With Women.

Allentown, Pa., Nov. 13.—Andrew Mireck hunted up Arthur Koenig, marriage license clerk, and returned a license which he said no longer was any good.

The day before, Mireck and Mary Novatny, a comely girl, had appeared arm-in-arm and secured the license. Then she left him waiting at the church, priest, attendants, guests and all.

After waiting several hours all disappeared, and when the bridegroom-to-be got home for dinner there was a telegram from the girl, dated Newark, in which she stated she had changed her mind and would not marry him. Mireck, who says he is done with women, suspects she eloped with another whom he knew nothing about.

MILITIA VOTE AIDS HUGHES

First Minnesota Regiment Ballots Add Twenty to His Plurality.
St. Paul, Nov. 13.—Charles Evans Hughes' plurality in Minnesota was slightly increased when the first results of the Minnesota guardsmen's vote was announced.

He carried the First Regiment, a branch of the Minneapolis county organization, by twenty-eight votes. This made the vote for 321 precincts out of 2948 in the state; Wilson, 178,509 and Hughes, 178,775, making Hughes plurality 266.

There are two regiments to hear from. The second, from the southern counties, which went for Hughes in the main, and the third, from the north, the strong Wilson territory. The artillery vote is comparatively small.

SCARED INTO A FATAL SHOT

Boy, Excited by Seeing a Rabbit,
Fires Into Cousin's Mouth.

Bloomington, Pa., Nov. 13.—When sixteen-year-old Howard Walter, of this town saw a rabbit, he fired directly into the open mouth of his cousin, seventeen-year-old Russell, son of C. H. Walter, of Bloomington.

So close was he standing that only a few of the shot grains pierced the lips. Practically the entire charge tore away the upper jaw and tore a gaping four-inch hole under his right ear. The base of the skull was also fractured and the boy will likely die.

COLUMBIAN HELD UP IN STORM AT SEA

American Steamship Sunk by
German U-Boat.

London, Nov. 13.—A wireless despatch from Madrid says that it was a German submarine which sank the American steamship Columbian.

According to this information the Columbian encountered the submarine on November 6, during a violent tempest. The submarine compelled the Columbian to interrupt her voyage and lie to under surveillance until November 8. When the storm subsided, the despatch says, the submarine ordered the crew to abandon the ship and then sank her.

A Havas despatch from Madrid quotes the newspapers of Coruna, Spain, where the crew is reported to have landed, to the effect that when the Columbian was held up the submarine ordered the crew to disembark, but that the storm was so severe this was impossible until two days later.

The report of the commander of the German submarine which sank the British steamship Rowanmore, on which there were several Americans, has been received by the admiralty, according to a wireless despatch from Berlin, and indicates that the captain of the steamship was responsible for her bombardment by the submarine. The report says the Rowanmore disregarded the submarine's signal to halt and endeavored to escape at full speed, making it necessary for the submarine to fire a few shots in order to bring her to.

The crew, the report says, took to the boats, leaving the master alone on the steamer. He was forced to lower a boat unladen and was paddling around alone therein when picked up by the submarine.

SHOT BY HIS SON'S GUN

Parent Seriously Injured by a Rabbit
Hunting Accident.

Paulsboro, N. J., Nov. 13.—Harry M. Shuster, a prominent business man of this borough, was accidentally shot by his nineteen-year-old son, Ervin, about two miles from town.

The two started out to hunt rabbits and the older Shuster was leading the way through a swamp when the son's gun accidentally went off, the load striking his father in the legs below the knees, tearing away the muscle on the right leg.

The younger Shuster attempted to carry his father into town, but became exhausted and was compelled to leave him for some time until he obtained an automobile from a farmer, who rushed him to the office of Dr. A. B. Black. The shot was removed, but the injured man's condition is serious.

Man Dead, Two Hurt in Auto Wreck.
Greensburg, Pa., Nov. 13.—Thomas H. Parks, forty-one years old, was killed and his two sons, Charles, twelve years old, and Clarence, eighteen years old, were injured seriously when his automobile skidded and overturned two miles north of this city. The car, it is said, was traveling at a high rate of speed when the accident occurred.

Sixteenth Child Born to Couple.

Williamsport, Pa., Nov. 13.—That there shall be no suspicion of race suicide in their family appears to be the determination of Mr. and Mrs. Yeabach Saab, of Turbotville. Mrs. Saab gave birth to their sixteenth child, a son.

POTATO PRICES DROP

Lehigh County Shippers Won't Pay
More Than \$1.35 Per Bushel.

Allentown, Pa., Nov. 13.—Owing to slackness in demand, shippers of potatoes notified the farmers that the price of potatoes would drop from \$1.60 to \$1.35 a bushel, which figure will prevail until increased demand again raises their value.

Two months ago, the figure was around a dollar. Early in October the price suddenly jumped from \$1.25 to \$1.50, \$1.53 and \$1.60, and thousands of bushels were hauled from the farms to the cars on the railroad sidings. It was said that most of the tubers were shipped by rail to Canada and thence by water to Europe to feed the allied armies.

STUBORN ECZEMA HEALED BY AMOLOX

The New Discovery for the Relief
and Cure for Chronic Skin
Diseases.

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lose all hope of ever being cured. E. R. Frisbee, 187 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and scabs. She was a pitiable sight. We tried every thing. Took her to Pittsburgh doctors, but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Bad, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used. Trial size 50 c. Peoples Drug Store, of Gettysburg, guarantees Amolox, and will refund the money if it fails to give satisfaction.

Send postal for free samples to Amolox Laboratories, Youngstown, Ohio.

HOPES WOMEN WILL ADOPT THIS HABIT AS WELL AS MEN

Glass of hot water each morning
helps us look and feel clean,
sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with nasty or muddy complexion; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid salow complexion and who are constipated, very often are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside clearness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

MUNSING WEAR

and You'll All be Comfortable
This Winter.

MANY folks seem to have the idea that Munsingwear is high priced. This is one item on which there is no advance of price.

The fine quality and careful workmanship in Munsingwear undoubtedly give that impression.

When they find out the price of the particular Munsingwear style and fabric that they like best, they are usually surprised--and delighted.

They are delighted again when they put on their Munsingwear--it fits so perfectly, feels so comfortable.

Again they are surprised when the Munsingwear comes back from the wash--as perfect-fitting as ever.

The climax to their Munsingwear experience comes when they discover how long it wears.

For any man, woman or child--tall, thin, short or stout--there's a perfect fitting Munsingwear garment in any style, fabric or weight desired.

These Munsingwear features explain why there are now 10,000,000 Munsingwear garments sold annually.

FARM AT PUBLIC SALE

ON SATURDAY, NOVEMBER 25, 1916.

On the above day and date the undersigned will offer at public sale his farm situated one mile south of Bendersville and three miles from Biglerville, along the macadamized road that connects these towns.

The property is in the heart of the "apple belt", near Mapleton, the Tyson place, and consists of ONE HUNDRED AND THIRTY-FIVE ACRES.

Ten acres of this amount is timber and the balance under a high state of cultivation. It is improved with a nine room weather-board house having a stone kitchen attached; a bank barn, 60 x 90 feet; two wagon sheds, machine shop, two buggy sheds, hog pen, wood house, chicken house, wash and pump house. There is a well of never-failing water at the house, a wind mill pump and tank with a capacity of 204 barrels and the water is piped to the barn yard.

In addition to about 350 apple and peach trees in bearing condition here is an abundance of all other kinds of fruit. The fences and buildings are in good condition. The place would make an ideal fruit farm. It is convenient to railroads, stores, churches and schools. The land is so situated that with additional buildings is could be divided into two farms.

"THE COUNT"

The fifth of the great MUTUAL CHAPLIN SPECIALS produced under the \$670,000 contract.

CHARLIE again proves his right to the title of the world's funniest man. Fat men particularly should not see this picture, as they loosen the screws in the seats. And if there is anything in the saying "laugh and grow fat", thin people should see it.

A Season of Lovely Blouses

Few designs make up more daintily than this one. First, gather the shoulder edge between double "TT" perforations. Pin upper edge of jabot, placing "T" on small "o" perforation; sew to front, notches even. Baste the plaited edge along upper edge of front, edges even.

There is a tuck at the back which is formed by creasing on slot perforations. Stitch 3/4 inch edge from folded edge, then close under arm seam as

notched. Sew shoulder sleeve piece to gathered edge of front and to back, notches even. Hem the lower edge of blouse and insert elastic on a draw-string.

Face the collar and sew it to the edge of the neck, notches and center-backs even.

Next, take the sleeve and close seam as notched. Gather the lower edge between double "TT" perforations. Close seam of wrist cuff as notched to small "o" perforation and face; roll the lower part over on outside on small "o" perforations and finish with lace edging. Sew to lower edge of sleeve, notches and seams even. Sew in armhole, notches and small "o" perforations even, easing in any fullness.

Crochet buttons ornament the front of the waist. The embroidery is done in solid satin stitches and French knots with silk of the same color as edging to trim.

Pictorial Review Waist No. 6918. Sizes, 34 to 44 inches bust. Price, 15 cents. Embroidery design No. 12175. Price, 10 cents.

Every Day a Sabbath Somewhere. Every day in the week is a Sabbath for someone. The Greeks observe Monday; the Persians, Tuesday; the Assyrians, Wednesday; the Egyptians, Thursday; the Turks, Friday; the Hebrews and several Christian sects, Saturday; while by far the most Christians observe Sunday.

Early Training. "Never telephone to your fiancée at his office during business hours," advises an adviser of girls. "A busy man has no time to talk to you over the telephone." Oh, why not let Gertrude break him in early if she's going to marry him?—Louisville Courier-Journal.
